

Dear Parents,

The children have really enjoyed playing outside on our playground. It is so exciting to know that spring is here. I am hoping that this coming week we can continue to go outside.

On Monday and Tuesday we will make a rainbow. We roll bands of color onto a large sheet of white paper. We will use red, yellow, blue, and purple paint. We will look to see if we added orange and green to our rainbow when the colors mix. We will add a sun and raindrops to our picture. We will read the book, What Makes a Rainbow?, and learn some new finger plays about Rainbows and Springtime.

On Tuesday and Thursday we will mix finger paints. The children will choose two primary colors and try to guess the new color they will make. We also have some fun rainbow games and activities to play.

Friday's project will be a rainbow in a jar. We will fill a baby jar with all the colors of a rainbow.

I hope you have a wonderful weekend! As always, never hesitate to contact me with any questions or concerns you may have.
