

Hello families,

Your children have quickly settled into the routine of our classroom. They are having fun making their projects, singing songs and playing apple games. We are very proud of them!

This week on Monday and Tuesday the children will make an apple puppet and participate in apple tasting. They will each be given a slice of red, green and yellow apple then we will record everyone's favorite. It is a fun activity that the children love. We will be sure to post the results on our Dojo. On Wednesday and Thursday, we will be making a fall wreath and discussing the colors that our leaves will be changing. Our Friday afternoon class will make a watercolor leaf project.

This week we will also begin our snack helpers as well as gym and library. Our snack helper gets to sit up front with the teacher and help with meeting, be the line leader and also brings a snack to share with their friends during snack time. **We ask that the snack be store bought, come in its original packaging, and be nut free.** We ask this for the safety of any children who may have allergies. We will provide water for the children to drink. Thank you!

Our gym days will be Wednesday and Thursday. One teacher will take a small group of children down to the gym at a time and upon their return to class they will be able to choose a book from our library cart. The library book is for you and your child to be enjoyed at home and should be returned the next week. They will choose a new book weekly on their gym days. Please have your child wear rubber soled shoes on their gym days as well to help keep them safe while running and playing.

As always please do not hesitate to reach out with any questions or concerns.
