

Rush Nursery School Planetarium Fieldtrip 2024

Dear Parents,

We are planning a field trip to the Strasenburgh Planetarium for our 4 year old and 5 year old classes. We will be seeing "I See the Sky" this year. This is our favorite show being offered by the Planetarium. It is a wonderful show for preschoolers.

In order for all of our 4 year old and 5 year old classes to have the opportunity to share this preschool program at the planetarium, we will be going in one large group, using a school bus for transportation. Many of the R.N.S. staff will go on the trip to provide supervision for the children.

The date of the trip is

Wednesday, May 22, 2024. Please mark this date on your calendar. Our field trip will be from **9:00AM until 12:00PM**. Drop-off and pick-up will be at R.N.S. Please note that the times of this field trip are different from our normal class time.

The cost of the field trip is \$16. We ask that each RNS child bring \$16.00 and their permission slip in an envelope with his/her name on it by Monday, May 6th. We will need to confirm our numbers and pay in advance for this adventure. The UPK children do not have to pay. Please note that parents can purchase tickets at the door. We highly encourage letting your child attend alone. It is a great opportunity to prove they are ready to be independent for kindergarten.

Thank you,

Kirstin O'Connell (749-6166)

Karen Hart (734-1763)

My child _____ has my permission to go by bus to the Strasenburgh Planetarium on, Wednesday, May 22, 2024, with Rush Nursery School.
