

Hello families,

We had a great time during shape week, I think finding shapes around the room was their favorite activity and they enjoyed the books we read. They are making great progress using scissors and many children shared that they are practicing at home!

On Monday and Tuesday this week we will do a marble rolling egg project. The children will also begin making their spring baskets by molding a wet paper plate. We dip the plate in a bucket of water and form it around a coffee can. Once the plate is dry, we will remove it and add a handle.

Wednesday and Thursday we will be decorating their baskets. They will not bring their baskets home these days. The teachers will fill their baskets with a few goodies and they will bring them home next week before Spring break.

Our 5-day class will be salt painting an egg and learning about chickens. Our Friday class will be making a cute chick project.

Mrs. Villone, Miss Lena, and I look forward to seeing you soon!

Joan
